Agentification of the American States of the Control of the Contro		622,190

It is seen that the area of Kansas is nineteen thousant square miles greater than that of all New England, New York, and New Jersey; and that the area of Nebraska is ninety-five thousand miles greater than that of all the non slaveholding states except California. Oregon is nearly equal in extent to all New England, New York, Pennsylvania, Ohio, and Indiana. It is possible that New Mexico and Mesilla will be embraced in one territorial organization by Congress at the present session, containing 288,000 square miles—exceeding all New England, New York, Pennsylvania, Guo, Indiana, and Illinois, Wash togton exceeding all new Sugtant Services of the Services of the
